Brief activity overview/description	<p>Choose one ninja to start out with the "bacon" which is any designated object. The ninja goes a distance from the rest puts the bacon between them and the starting line where others are gathered. Ninja turns away so bacon and others are behind them. Ninja begins counting, one-two-three-ninja! On count of one, others move toward the bacon. Goal is to grab the bacon and take it back to the starting line. After the word Ninja is uttered the ninja turns and calls out any others spotted still moving. Any called out must return to starting line. Count begins again and others get closer. Repeat and eventually others will get the bacon. Then ninja tries to guess who has bacon. If bacon carrier is found, bacon goes back to the ninja.</p>
