<b>Brief activity overview/description</b>	sitting in circle, a thumb on each hand up representing the "birds"/the child, Describe what someone is wearing for the children to look around and find who is wearing that, then say that child's name, do a second child in the same way, then, "fly away _____ fly away (name of child) come back _____ come back _____". And do it all over again until you describe/name all of them. Do this every day until they really get an idea of who is who. This game is great for nature observation, and creating group unity.
